Subject: Dallah Avco production

Sean,

I'm writing to provide updated information we received today from the vendor processing the Dallah City ANSS files. The vendor now estimates that scanning of the files will be 70% complete by the end of this month and fully complete by mid-April. There were some unanticipated delays in January and February, apparently due to the need to move certain equipment on site, but those issues appear to have been resolved. In light of the foregoing, we now estimate that Dallah Avco will finish production during May.

Best regards,

Robert

Robert K. Kry
